

On Your Moving Day:

DEMENAGEMENT LEOPARD will provide you with at least 2 hours window appointment time. Our driver will contact you 30 minutes before arrival.

Here are some tips for you:

- ✓ In order to save time, make sure to be on location when the movers arrive. Try to provide a parking space to prevent our truck from blocking the street. If you really cannot be on location, make sure someone else is there
- ✓ Movers will have our truck parked as close to your door as possible.
- ✓ If applicable, book the elevator in advance / get elevator key from your building manager.
- ✓ Disassemble beds and other furniture
- ✓ Disconnect appliances that will be moved
- ✓ Pack boxes & stack them together - the movers will need to have a clear path to all furniture throughout your house
- ✓ It's always helpful to label / number your boxes
- ✓ Inspect the condition of your furniture before it is loaded into the truck and when it is unloaded
- ✓ If possible, leave your pets and kids with friends or neighbors for the time of your moving
- ✓ Be sure to verify the addresses on the contract to ensure that the movers know exactly where they are going. Provide a phone number to reach you in case of need
- ✓ Be ready to pay the driver with cash money, Visa or MasterCard.
